

The Survey Report (MATH-150)

1 INTRODUCTION

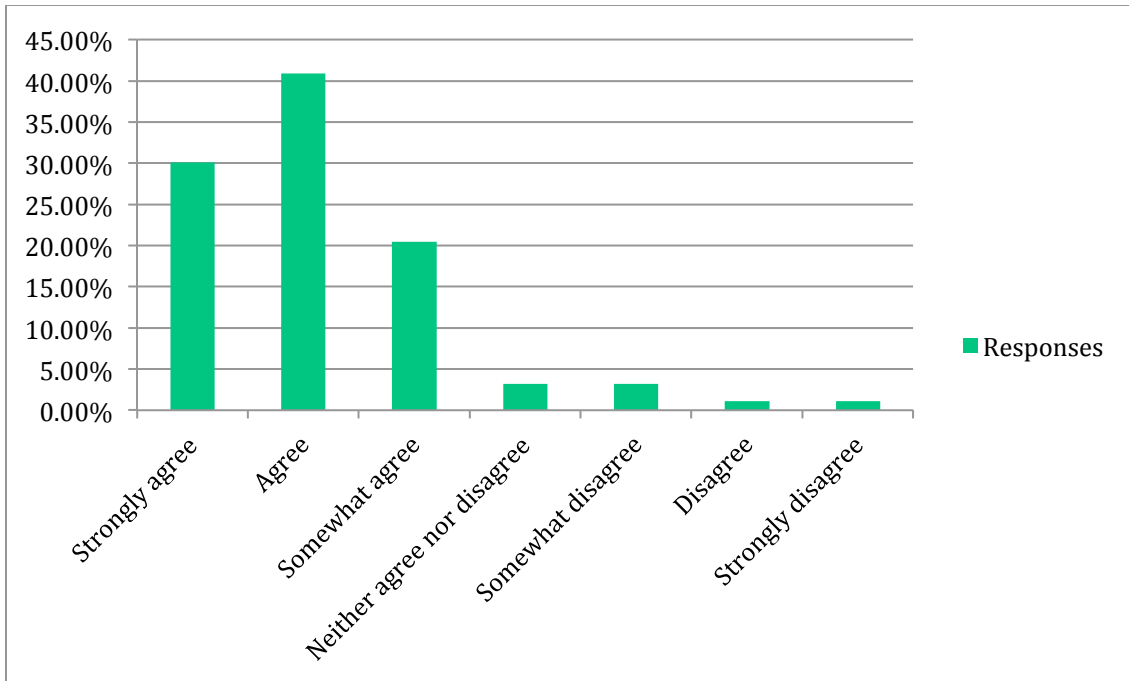

The pre-survey includes 15 items, which 14 items were multiple-choice questions and one was an open-ended question. Participating in the survey study was voluntary. The invitation emails sent to all of three sections of MATH-150 course (i.e. D100, D200, D300). The total number of participants was 94. The summary of the survey responses will be presented in the following section.

2 RESULTS
